

# Protect the Wyoming Range: Write your Representatives

Elected officials carry great influence in land-use decisions involving Wyoming's public lands. Personal calls and personalized letters are an effective means to motivate your elected representatives to step up to protect the Wyoming Range. Emails also help, but calls and letters are best. Please write to your county commissioner, state and federal lawmakers and local newspaper, explaining the need to keep energy development out of the Bridger-Teton National Forest.

## STATEWIDE ELECTED LEADERS

Sen. Craig Thomas, 307 Dirksen Senate Office Building, Washington, DC 20510 [craig@thomas.senate.gov](mailto:craig@thomas.senate.gov)
